ORDER DISMISSING CASE

Re: ECF No. 359

18 In December 2017, the court entered an order enforcing the parties' settlement agreement that
19 they placed on the record in June 2017.¹ All payments have been made, and the state-court action
20 is dismissed. The settlement terms thus have been satisfied. The parties did not finalize their
21 stipulated dismissal, apparently because the defendants were negotiating its terms. The plaintiffs
22 move for an order of dismissal of all claims, cross-claims, and counterclaims with prejudice (as
23 the parties agreed in their settlement).² The court can decide the motion without oral argument and
24 vacates the case-management conference on July 5, 2018, and the hearing on July 19, 2018. N.D.
25 Cal. Civ. L. R. 7-1(b).

pinpoint citations are to the ECF-generated page numbers at the top of documents.

28 ² Motion – ECF No. 359.

1 The court grants the motion and dismisses the claims, cross-claims, and counterclaims with
2 prejudice. Each party will bear its own attorney's fees and costs. The court retains jurisdiction to
3 enforce the settlement agreement.

4 The court directs the Clerk of Court to close the file.

5 IT IS SO ORDERED.
